

Logan Blade was diagnosed with autism at the age of two and is non-verbal, but has great skills as a singer. He's drawn lots of attention from media, and has been featured at the Grand Ole Opry. Quote from Willie Nelson "Logan is Autistic. He has little to no speech. But he can sing Willie Nelson's music. Great job Logan!" Quote from Josh Turner "Just being around him, hearing his story, it's hard to put into words. It's just really gratifying and fulfilling for me to be able to see a young man like that, that is struggling in some ways — but yet, due in part, a little bit, by what I've done musically, he's been able to become a different person."
